

# Minnesota QSO Party - 2025

## SUMMARY

This year our participation, and county coverage was down from last year. Our total of 476 logs received was about an 8% drop from last year. Minnesota entered 131 logs (down about 18%), and we had 345 logs from outside Minnesota (down 4%), Our mobile participation was also down this year and it reflected in the coverage of counties. Last year all 87 counties were activated. This year we missed out on activating 16 counties, mostly in the north and west part of the state. It did not help that treacherous driving conditions resulting in one mobile to cut his route short over safety concerns. N8II and WN4AFP top the county list totals, each logging 63, with W8PI at 62.

Log checking processed 37,644 lines of QSO data with a cumulative total error rate at 1.66%. Log checking did not play a role in the results outcome, as none of the category races were won by narrow margins. Thanks to everyone who submitted a log.

MN Gold Logs		Non-MN Gold Logs	
CALL	QSO's	CALL	QSO's
WF0B	297	W0BV	226
KE0WPA	213	K9CW	134
W0CRC	147	N6MU	113

*Here are the top Golden logs as ranked by QSO count. This year 50% of all received logs were error free. Congratulations to all who submitted error free logs!*

---

*Thanks to all the sponsors of MNQP who facilitate all of the costs for plaques, certificates, and the MN Wild Rice gifts.*

*The list of sponsors can be found at:*

<https://www.w0aa.org/sponsors/>

***If you would like to receive a log checking report (LCR), please e-mail your request with your call sign to:***

**[mnqp@w0aa.org](mailto:mnqp@w0aa.org)**

**Thanks to all who participated, and we hope to see you again in MNQP. Mark your calendars for MNQP next year on February 7, 2026.**

# POTA style MNQP - by WF0B

In 2024, I activated in Yellow Medicine County, operating from Upper Sioux Agency State Park (the weekend before it was ceded back to Tribal control), and had a blast - but was limited because I ran out of propane for my tent heater. My solution this year was to rent a heated cabin at Sibley State Park in Kandiyohi County.

I am well equipped for POTA activations, so when I arrived Friday afternoon, I scoped out the highest tree nearby, and set up a 71ft end fed sloper attached to an FC-40 antenna coupler and raised to 15 ft near the feed point. I had only a 5m length of control cable, so I was limited in locating the coupler, but I was able to route coax and control cable through the sliding window.

I used pieces of 3/4 in pipe insulation to close the "air gap" in the window, sealing everything off with painter's tape (this was the technique we used for Winter Field Day the weekend before). I tested tuning the antenna 80-10, checking with a Rig Expert, with no problems.

I spent time setting up the FT-991A for voice keying. I was lucky to find I had one-bar hotspot coverage for internet access, so I took advantage of N3FJP's MNQP logger and HamDash real time contest status board. This provided feedback that I was doing OK (with rates that looked great at

times) - which actually helped me stay motivated. I had only one glitch - I needed to re-record my exchange about half-way through and somehow got RF in the audio - which was reported to me and caused me to slow down at the end.

*Antenna coupler attached to porch rail, showing the portable mast to lift the wire above the walkway to the cabin. It hurts to run into the wire at night going to the outhouse!*

## POTA style MNQP - by WFOB ...cont...

I was hoping to get a majority of Minnesota counties, and ended up at 43....

Remember the wire in the tree? It survived 30MPH winds and 60 miles of snow (2 hours horizontally)!

I am pleased with this year's activity - more Qs than last year and I was warmer, too!

However, there were a lot of little things that I can see now that I allowed to happen that limited my activity. Coffee I/O management was a major one. Lunchtime soup was great for the soul, but....see coffee. The timing of breaks, and changing bands was another. All in all, it added to both my learning experience, helped build confidence, and made for a most enjoyable time!

Now, I just need to figure out an under-represented county for next year and a warm place to stay with trees for another Minnesota QSO Party adventure!!

73, Bill, WFOB

*The other end of the wire antenna. It started at 84 ft, but needed to fold it back on itself to be able to tune 80-10 successfully.*

## Club Competition

There were 93 clubs represented in log submissions this year. (Down from the 107 clubs last year.) Congratulations to Swamp Fox Contest Club for taking the “outside-MN” honors for the first time. All of the top clubs had about the same number of entrants as last year, EXCEPT Swamp Fox, proving that every log submission is crucial.

## Soapbox

### KE0YBL

Another fun MN QSO Party, thanks for hosting it! We introduced K0ASK to her first QSO party event, and worked it out at a park. We spent the day hastily reinforcing antennas in stormy winds. Just a typical day for hams in the field.

### KE0TT

50 watts to Hamsticks for DOD, GOO, WAB, then 100 watts to wire antennas in OLM. Thanks for the Q's. Always enjoy our home QP. 73, Dan

### KE0WPA

I always enjoy this contest! There just wasn't as much activity as last year. But I still loved it!

### NI0K

Poor conditions. Mid-day was really slow. Things picked up mid-afternoon.

### WA6KHK

Mobiles did a great job in horrible weather! K0PC had to go QRT half way through the contest because of a snow storm! Still using a vertical and trying to sell my QTH.

### KB0FXK

Had an awesome time!

### W1GL

Nice to work home state OPS, TKS!

### KB9DFE

Fun contest and good MN operators.

### KX9RT

I had fun supporting the MNQP making a few contacts. It was interesting to work short hop propagation on 20M earlier in the day from central WI.

### WA1SAY

Thanks for QSO party.

### K0VRC

Field Day-style from Lake County, MN

## Soapbox (cont...)

### **KC0TAF**

Used 3 different antennas, Chameleon Lazy sloper NVIS, random wire and a Buckmaster OFC HP160. Had fun and looking forward to doing this again next year.

### **K7PGL**

Enjoyed the afternoon working the Minnesota stations. See you next year if I'm free to get on the air.

### **K2MN**

Used an indoor fan dipole and 90 watts.

### **N9TF**

Not a lot of time to escape to the shack this Saturday and play. Glad I was able to find K0RC and W0ZQ mobiles for a few extra Qs and counties. I hope y'all up north did well! 73 Gene

### **W1END**

Rig was FTdx101 and Butternut vertical. Good conditions equal good QSO's. Thanks to all.

### **KS4VJ**

My first contest and QSO Party!

### **WA2CNV**

Had a very good MNQP this year! The Rovers were great!

### **N0WUE**

My first contest

### **N02D**

Planned to run QRP. After 2 Q's realized that power had been left at 85 watts from chasing DX the night before. So, low power this year. Makes it easier to be heard. Lots of fun. Thanks to the folks that make the MN QSO Party possible.

### **N00C**

Had just a few minutes to operate.

### **KF3G**

Thank you for the 2025 Minnesota QSO Party.

### **WQ6X**

This is a 1st-time WQ6X QRP MNQP run remote from Ramona. This QSO Party was a BiG disappointment. Ending at 00:00 obs the west coast operators of working MN on 40 & 80 meters. Read all about it at: <http://WQ6X.Blogspot.com>

### **KR4EE**

IC7200 to end fed on a crappie pole 75W TNX for the QSOS & 73

### **VE3JO**

All contacts with Elecraft KH1 and a 34-foot EFRW ant.
